Dear Jimmy,

Your letter came yesterday which was mailed Aug. 12. You are off the ship now and since your address is no longer Com Car Gen, you have probably missed my last letters.

Mary is getting alot ready for the move and the three of them will move over here in a couple of days. Mike has rented the truck and will start moving the things out and plans to leave the last of the month for Virginia. Mary and Duane are leaving Sept. 5th and may get there before Mike does so then they will have to go to a hotel or stay with some one. In my last letter I told you that Mary wants you to know you

And Vickie can stay with her while you are waiting to get into your place. Her house has four bedrooms.

We plan to leave here the middle of September and drive out in our car. We will stop in Minneapolis for three or four days and then plan to arrive in Virginia either Oct. 1st or the 5th. We joined the A. A. A. Club and have maps and brochures telling about all the motels and restaurants including the prices. I think the trip will be fun. We will have picnic lunches along the way when we are going to fly home. Mary and Mike and Deane will then drive our car back here next summer and bring their car back. I am glad you are off the ship now and I can't wait to see you.

Love,  
Mom.
